*...An extreme pleasure..great balance, acidity and viscosity...*

## **2008 Chardonnay**

This wine was an extreme pleasure..the finish was long, plush and very texturally pleasing. Culinary applications are very broad and a stand-alone sipper...Marc Hinton

You can taste the vintage in this wine..a wine with intense flavors..interesting and fun, this barrel-fermented Chardonnay is citrusy and tropical with hints of apple and almond..leaning towards a Burgundian style with great balance, acidity and viscosity. ..tuna tartare...crab cakes...
